APPENDIX I

REFERENCE TABLES DATA DICTIONARY

THIS PAGE INTENTIONALLY LEFT BLANK

APPENDIX I. REFERENCE TABLES DATA DICTIONARY

This appendix provides a data dictionary of the Reference tables
data elements implemented in SORTS.

I.1   ACGEO (EXTENDED ACTIVE DUTY GEOLOCATION CODE)

    a. Type: Variable Length Character
    b. Length: 4
    c. Description: This element contains the specified
                 geolocation code of the base, station,
                 port, city, or other place to which the
                 Reserve Component organization is expected
                 to be ordered, or was ordered, for
                 extended active duty.
    d. Reported Transaction: RESERVES set
    e. Relationships to Other Data Elements: N/A
    f. Table Member: RESERVES

I.2   ACTIV (CURRENT STATUS AND ACTIVITY CODE)

    a. Type: Variable Length Character
    b. Length: 10
    c. Description: This element indicates what the
                 organization as a whole is doing
                 currently.
    d. Reported Transaction: ORGLOCN, POSTATAK and SHIPLOCN
                                  sets
    e. Relationships to Other Data Elements: N/A
    f. Table Member: ORGLOCN

I.3   ADCON (ADMINISTRATIVE CONTROL UNIT IDENTIFICATION CODE)

    a. Type: Variable Length Character
    b. Length: 6
    c. Description: This element indicates the UIC of the
                 command exercising administrative control
                 of the reported organization.
    d. Reported Transaction: ORGLOCN set
    e. Relationships to Other Data Elements: N/A
    f. Table Member: ORGLOCN

 I.4 ADDR (DISTRIBUTION ADDRESSEE)

a. Type: Variable Length Character
b. Length: 6
c. Description: This element indicates the Unit
                 Identification Code for the unit that is
                 to receive distribution on the unit
                 identified by element UIC in the same row
                 in the data base.
d. Reported Transaction: N/A
e. Relationships to Other Data Elements: N/A
f. Table Member: DISTR_ADDR

I.5 ALO (ORGANIZATION AUTHORIZED LEVEL CODE)

a. Type: Variable Length Character
b. Length: 1
c. Description: This element contains a code that
                 indicates the authorized level of the
                 organization.
d. Reported Transaction: ARMYRPT set (USMTF)
e. Relationships to Other Data Elements:
f. Table Member: UN_ARMY_STAT_RPT

I.6 ALTN_SBRPT (ORGANIZATION ALTERNATE SUBORDINATE REPORTING
ORGANIZATION CODE)

a. Type: Variable Length Character
b. Length: 6
c. Description: This element contains the alternate
                 subordinate reporting organization code.
d. Reported Transaction: N/A
e. Relationships to Other Data Elements: N/A
f. Table Member: UNIT_ALTN_SUBRPTR

I.7 ANAME (UNIT DESIGNATION)

a. Type: Variable Length Character
b. Length: 30
c. Description: This element provides the assigned
                 abbreviated name of the official
                 designation of an organization.
d. Reported Transaction: BIDE set
e. Relationships to Other Data Elements: N/A
f. Table Member: BIDE

I.8 APERT (UNIT PERSONNEL TURNOVER PERCENT)

a. Type: Number
b. Length: 3
c. Description: This element contains the personnel
                 turnover percentage.
d. Reported Transaction: PERSDATA set (USMTF)
e. Relationships to Other Data Elements:
f. Table Member: UN_ARMY_STAT_RPT

I.9 APO_WRLD_AREA_CD (ARMY POST OFFICE WORLD AREA CODE)

a. Type: Variable Length Character
b. Length: 2
c. Description: This element contains the valid Army Post
                 Office world area code.
d. Reported Transaction: N/A
e. Relationships to Other Data Elements: N/A
f. Table Member: RPTG_CMD_LOC_REF

I.10 ARGO (RESERVE ORGANIZATION COMMAND CODE)

a. Type: Variable Length Character
b. Length: 2
c. Description: This element indicates the valid reserve
                 organization command codes.
d. Reported Transaction: N/A
e. Relationships to Other Data Elements: N/A
f. Table Member: RESV_CMD_ASGMT_REF

I.11 ARGO_CD_DESC (ARMY RESERVE COMMAND ASSIGNMENT CODE
      DESCRIPTION)

a. Type: Variable Length Character
b. Length: 30
c. Description: This element contains the valid Army
                 reserve command assignment codes.
d. Reported Transaction: N/A
e. Relationships to Other Data Elements: N/A
f. Table Member: RESV_CMD_ASGMT_REF

I.12 ARMY_GEO_AREA_CD (ARMY GEOGRAPHIC AREA IDENTIFIER CODE)

a. Type: Variable Length Character
b. Length: 1
c. Description: This element contains the valid Army
                 geographic area identifier codes.
d. Reported Transaction: N/A

e. Relationships to Other Data Elements: N/A

f. Table Member: GEO

I.13 ARMY_ADOPTD_NSN (ARMY ADOPTED MATERIEL ITEM NATIONAL STOCK NUMBER)

a. Type: Variable Length Character

b. Length: 13

c. Description: This element contains the Army adopted materiel item national stock number.

d. Reported Transaction: N/A

e. Relationships to Other Data Elements: N/A

f. Table Member: ARMY_ADOPTD_NSN

I.14 ARMY_STAT_RPT_DT (UNIT ARMY RESOURCES AND TRAINING STATUS REPORT DATE)

a. Type: Date

b. Length: N/A

c. Description: This element contains the unit Army resources and training status report date.

d. Reported Transaction: ARMYRPT set (USMTF) field RICDA

e. Relationships to Other Data Elements: N/A

f. Table Member: ASORTS_USR_STAT

I.15 ARMY_STAT_RPT_TYP (UNIT ARMY RESOURCES AND TRAINING STATUS REPORT TYPE CODE)

a. Type: Variable Length Character

b. Length: 3

c. Description: This element contains the unit Army resources and training status report type code.

d. Reported Transaction: ARMYRPT set (USMTF) field ITEMTYPE

e. Relationships to Other Data Elements: N/A

f. Table Member: ASORTS_USR_STAT

I.16 ARMY_TYP_DSGNTR (ARMY MATERIEL ITEM TYPE DESIGNATOR)

a. Type: Variable Length Character

b. Length: 22

c. Description: This element contains the valid Army materiel item type designator codes.

d. Reported Transaction: N/A

e. Relationships to Other Data Elements: N/A

f.   Table Member: ARMY_ADOPTD_NSN

I.17 ARMYLOC (GEOGRAPHICAL ARMY LOCATION)

a.   Type: Variable Length Character
b.   Length: 5
c.   Description: This element contains the location of an
                   army unit.
d.   Reported Transaction: N/A
e.   Relationships to Other Data Elements: N/A
f.   Table Member: GEO

I.18 ASGD (ASSIGNED STRENGTH PERSONNEL COUNT)

a.   Type: Number
b.   Length: 5
c.   Description: This element indicates the number of the
                   type of personnel identified in element
                   TPERS who are permanently assigned to an
                   organization and located as indicated in
                   element PEGEO.
d.   Reported Transaction: PERSTREN set
e.   Relationships to Other Data Elements: N/A
f.   Table Member: PERSTREN

I.19 ASGD_AC (ASSIGNED STRENGTH PERSONNEL COUNT)

a.   Type: Number
b.   Length: 5
c.   Description: This element indicates the number of the
                   type of personnel identified in element
                   TPERS who are permanently assigned to an
                   organization and located as indicated in
                   element PEGEO.
d.   Reported Transaction: PERSTREN set
e.   Relationships to Other Data Elements: N/A
f.   Table Member: PERSTREN

I.20 ASGD_AE (ASSIGNED STRENGTH PERSONNEL COUNT)

a.   Type: Number
b.   Length: 5
c.   Description: This element indicates the number of the
                   type of personnel identified in element
                   TPERS who are permanently assigned to an
                   organization and located as indicated in

element PEGEO.
        d. Reported Transaction: PERSTREN set
        e. Relationships to Other Data Elements: N/A
        f. Table Member: PERSTREN

I.21 ASGD_AW (ASSIGNED STRENGTH PERSONNEL COUNT)

        a. Type: Number
        b. Length: 5
        c. Description: This element indicates the number of the
                          type of personnel identified in element
                          TPERS who are permanently assigned to an
                          organization and located as indicated in
                          element PEGEO.
        d. Reported Transaction: PERSTREN set
        e. Relationships to Other Data Elements: N/A
        f. Table Member: PERSTREN

I.22 ASGD_CS (ASSIGNED STRENGTH PERSONNEL COUNT)

        a. Type: Number
        b. Length: 5
        c. Description: This element indicates the number of the
                          type of personnel identified in element
                          TPERS who are permanently assigned to an
                          organization and located as indicated in
                          element PEGEO.
        d. Reported Transaction: PERSTREN set
        e. Relationships to Other Data Elements: N/A
        f. Table Member: PERSTREN

I.23 ASGMT (UNIT ASSIGNMENT CODE)

        a. Type: Variable Length Character
        b. Length: 2
        c. Description: This element contains the valid unit
                          assignment codes.
        d. Reported Transaction: N/A
        e. Relationships to Other Data Elements: N/A
        f. Table Member: ASGMT_CD_REF, ASGMT_CD_UNIT_REF

I.24 ASGMT_CD_DESC (UNIT ASSIGNMENT CODE DESCRIPTION)

        a. Type: Variable Length Character
        b. Length: 78
        c. Description: This element contains the unit assignment

code description.
         d. Reported Transaction: N/A
         e. Relationships to Other Data Elements: N/A
         f. Table Member: ASGMT_CD_REF

I.25 ASORTS_ERROR_CD (ASORTS ERROR CODE)

         a. Type: Variable Length Character
         b. Length: 6
         c. Description: This element contains the error codes for
                          ASORTS.
         d. Reported Transaction: N/A
         e. Relationships to Other Data Elements: N/A
         f. Table Member: ASORTS_ERR_MSG_REF

I.26 ASORTS_ERROR_MSG (ASORTS TRANSACTION ERROR MESSAGE)

         a. Type: Variable Length Character
         b. Length: 80
         c. Description: This element contains the transaction
                          error messages.
         d. Reported Transaction: N/A
         e. Relationships to Other Data Elements: N/A
         f. Table Member: ASORTS_ERR_MSG_REF

I.27 ASPER (ASSIGNED STRENGTH PERCENTAGE)

         a. Type: Number
         b. Length: 3
         c. Description: This element contains a percentage
                          computed by dividing the assigned strength
                          by the required MTOE strength.
         d. Reported Transaction: PERSDATA set (USMTF)
         e. Relationships to Other Data Elements: ASRAT
         f. Table Member: UN_ARMY_STAT_RPT

I.28 ASRAT (ASSIGNED STRENGTH PERCENTAGE RATING)

         a. Type: Variable Length Character
         b. Length: 1
         c. Description: This element indicates the rating
                          calculated using field ASPER.
         d. Reported Transaction: None
         e. Relationships to Other Data Elements: ASPER
         f. Table Member: UN_ARMY_STAT_RPT

I.29 ATACH (ORGANIZATION ATTACHED COMMAND UNIT IDENTIFICATION CODE)

    a. Type: Variable Length Character
    b. Length: 6
    c. Description: This element contains the valid
                     organization attached command UIC.
    d. Reported Transaction: N/A
    e. Relationships to Other Data Elements: N/A
    f. Table Member: ATACH_CMD_CD_REF

I.30 ATACH_CD (ORGANIZATION ATTACHED COMMAND CODE)

    a. Type: Variable Length Character
    b. Length: 3
    c. Description: This element contains the code for the
                     attached command.
    d. Reported Transaction: N/A
    e. Relationships to Other Data Elements: N/A
    f. Table Member: ATACH_CMD_CD_REF

I.31 AUTH (AUTHORIZED STRENGTH PERSONNEL COUNT)

    a. Type: Number
    b. Length: 5
    c. Description: This element indicates the number of the
                     type of personnel identified in element
                     TPERS permanently authorized by an
                     organization.
    d. Reported Transaction: PERSTREN set
    e. Relationships to Other Data Elements: N/A
    f. Table Member: PERSTREN

I.32 AUTH_AC (AUTHORIZED STRENGTH PERSONNEL COUNT)

    a. Type: Number
    b. Length: 5
    c. Description: This element indicates the number of the
                     type of personnel identified in element
                     TPERS permanently authorized by an
                     organization.
    d. Reported Transaction: PERSTREN set
    e. Relationships to Other Data Elements: N/A
    f. Table Member: PERSTREN

I.33 AUTH_AE (AUTHORIZED STRENGTH PERSONNEL COUNT)

a. Type: Number
        b. Length: 5
        c. Description: This element indicates the number of the
                         type of personnel identified in element
                         TPERS permanently authorized by an
                         organization.
        d. Reported Transaction: PERSTREN set
        e. Relationships to Other Data Elements: N/A
        f. Table Member: PERSTREN

I.34 AUTH_AW (AUTHORIZED STRENGTH PERSONNEL COUNT)

        a. Type: Number
        b. Length: 5
        c. Description: This element indicates the number of the
                         type of personnel identified in element
                         TPERS permanently authorized by an
                         organization.
        d. Reported Transaction: PERSTREN set
        e. Relationships to Other Data Elements: N/A
        f. Table Member: PERSTREN

I.35 AVPER (UNIT PERSONNEL AVAILABLE STRENGTH PERCENT)

        a. Type: Number
        b. Length: 3
        c. Description: This element contains the available
                         strength percent for personnel.
        d. Reported Transaction: PERSDATA set (USMTF)
        e. Relationships to Other Data Elements: AVRAT
        f. Table Member: UN_ARMY_STAT_RPT

I.36 AVRAT (PERSONNEL COMPUTED AVAILABLE STRENGTH PERCENTAGE
     RATING CODE)

        a. Type: Variable Length Character
        b. Length: 1
        c. Description: This element contains the rating level for
                         field AVPER
        d. Reported Transaction: None
        e. Relationships to Other Data Elements: Computed base on
                                                   the contents of
                                                   AVRAT
        f. Table Member: UN_ARMY_STAT_RPT

I.37 AWIS_DATA_SORC_ID (AWIS DATA SOURCE IDENTIFIER)

a. Type: Variable Length Character
b. Length: 10
c. Description: This element contains the data source
                 identifier for AWIS.
d. Reported Transaction: N/A
e. Relationships to Other Data Elements: N/A
f. Table Member: GEO

I.38 BDGT_ACTVTY_CD (ARMY MATERIEL ITEM APPROPRIATION AND BUDGET
ACTIVITY ACCOUNT CODE)

a. Type: Variable Length Character
b. Length: 1
c. Description: This element contains the Army materiel
                 item appropriation and budget activity
                 account code.
d. Reported Transaction: N/A
e. Relationships to Other Data Elements: N/A
f. Table Member: ARMY_ADOPTD_NSN

I.39   BR (UNIT PARENT BRANCH CODE)

a. Type: Variable Length Character
b. Length: 2
c. Description: This element contains the unit parent
                 branch code.
d. Reported Transaction: N/A
e. Relationships to Other Data Elements: N/A
f. Table Member: SRC_UTC_XREF, BR_SRS_SRVC_BR_REF

I.40 BR_DSCRPTN (UNIT PARENT BRANCH DESCRIPTION)

a. Type: Variable Length Character
b. Length: 50
c. Description: This element contains the unit parent
                 branch description.
d. Reported Transaction: N/A
e. Relationships to Other Data Elements: N/A
f. Table Member: BR_SRS_SRVC_BR_REF

I.41 BR_SRS_CD (PROPONENT BRANCH SERIES CODE)

    a. Type: Variable Length Character
    b. Length: 2
    c. Description: This element contains the valid proponent
                         branch series code.
    d. Reported Transaction: N/A
    e. Relationships to Other Data Elements: N/A
    f. Table Member: BR_SRS_SRVC_BR_REF

I.42 BR_SRS_TITL (PROPONENT BRANCH SERIES TITLE)

    a. Type: Variable Length Character
    b. Length: 50
    c. Description: This element contains the valid proponent
                         branch series title.
    d. Reported Transaction: N/A
    e. Relationships to Other Data Elements: N/A
    f. Table Member: BR_SRS_SRVC_BR_REF

I.43 CANXDATE (CANCELLATION DATE)

    a. Type: Date
    b. Length: N/A
    c. Description: This element contains the date the GEO
                         record was canceled.
    d. Reported Transaction: N/A
    e. Relationships to Other Data Elements: N/A
    f. Table Member: GEO

I.44 CAP (CAPABILITY)

    a. Type: Variable Length Character
    b. Length: 30
    c. Description: This element describes the unit capability
                         associated with DOCID.
    d. Reported Transaction: N/A
    e. Relationships to Other Data Elements: N/A
    f. Table Member: DOCID

I.45 CINCFORCE (FORCE COMMAND MONITOR CODE)

    a. Type: Variable Length Character
    b. Length: 1
    c. Description: This element indicates that FORCE COMMAND
                         is the monitoring command.

d. Reported Transaction: N/A
    e. Relationships to Other Data Elements: N/A
    f. Table Member: MEQPT

I.46 CINCSTRAT (STRATEGIC COMMAND MONITOR CODE)

    a. Type: Variable Length Character
    b. Length: 1
    c. Description: This element indicates that STRATEGIC
                      COMMAND is the monitoring command.
    d. Reported Transaction: N/A
    e. Relationships to Other Data Elements: N/A
    f. Table Member: MEQPT

I.47 COASTLINE_ID_CD (GEOGRAPHIC COASTLINE IDENTIFIER CODE)

    a. Type: Variable Length Character
    b. Length: 4
    c. Description: This element contains the valid geographic
                      coastline identifier code.
    d. Reported Transaction: N/A
    e. Relationships to Other Data Elements: N/A
    f. Table Member: GEO

I.48 COMPO (UNIT DUTY STATUS COMPONENT CODE)

    a. Type: Variable Length Character
    b. Length: 1
    c. Description: This element contains the unit duty status
                      component code.
    d. Reported Transaction: N/A
    e. Relationships to Other Data Elements: N/A
    f. Table Member: COMPO_OESTS_XREF

I.49 COMPO_DESC (UNIT DUTY STATUS COMPONENT DESCRIPTION)

    a. Type: Variable Length Character
    b. Length: 30
    c. Description: This element contains the description for
                      the unit duty status component code.
    d. Reported Transaction: N/A
    e. Relationships to Other Data Elements: N/A
    f. Table Member: COMPO_OESTS_XREF

I.50 CMDTY_MGT_CD (ARMY MATERIEL ITEM COMMODITY MANAGEMENT CODE)

    a. Type: Variable Length Character
    b. Length: 1
    c. Description: This element contains the Army materiel
                    item commodity management code.
    d. Reported Transaction: N/A
    e. Relationships to Other Data Elements: N/A
    f. Table Member: MTRL_LINE_ITEM

I.51 CMRCL_PRCRMNT_ITEM (ARMY MATERIEL END ITEM BASE LEVEL COMMERCIAL PROCUREMENT DESIGNATION CODE)

    a. Type: Variable Length Character
    b. Length: 1
    c. Description: This element contains the code for Army
                    materiel end item base level commercial
                    procurement designation.
    d. Reported Transaction: N/A
    e. Relationships to Other Data Elements: N/A
    f. Table Member: MTRL_LINE_ITEM

I.52 CNTNT_IND_CD (ASORTS TRANSACTION REPORT CONTENT INDICATOR CODE)

    a. Type: Variable Length Character
    b. Length: 4
    c. Description: This element contains the content
                    indicator code for messages to be sent to
                    the command referenced by element
                    EXTRNL_ORG_UIC.
    d. Reported Transaction: N/A
    e. Relationships to Other Data Elements: N/A
    f. Table Member: ASORTS_RPT_NBR_LOG

I.53 CNTRLD_INVNTRY_CD (ARMY CONTROLLED MATERIEL ITEM INVENTORY CODE)

    a. Type: Variable Length Character
    b. Length: 1
    c. Description: This element contains the Army controlled
                    materiel item inventory code.
    d. Reported Transaction: N/A
    e. Relationships to Other Data Elements: N/A
    f. Table Member: ARMY_ADOPTD_NSN

I.54 CNTRLD_ITEM_CD (ARMY MATERIEL CONTROLLED ITEM CODE)

    a. Type: Variable Length Character
    b. Length: 1
    c. Description: This element contains the materiel
                       controlled item code.
    d. Reported Transaction: N/A
    e. Relationships to Other Data Elements: N/A
    f. Table Member: MTRL_LINE_ITEM

I.55 CREDATE (CREATION DATE)

    a. Type: Date
    b. Length: N/A
    c. Description: This element contains the date the GEO
                       record was created.
    d. Reported Transaction: N/A
    e. Relationships to Other Data Elements: N/A
    f. Table Member: GEO

I.56 CRT_CD_GEO (COUNTRY/STATE CODE)

    a. Type: Variable Length Character
    b. Length: 2
    c. Description: This element indicates the country/state
                       code of a geolocation.
    d. Reported Transaction: N/A
    e. Relationships to Other Data Elements: N/A
    f. Table Member: GEO

I.57 CSERV (CINC, SERVICE, OR COMBATANT COMMAND CODE)

    a. Type: Variable Length Character
    b. Length: 1
    c. Description: The element CSERV indicates the
                       unified/specified command or service to
                       which this organization is currently
                       assigned for operational command and
                       control.
    d. Reported Transaction: ORGLOCN set
    e. Relationships to Other Data Elements: N/A
    f. Table Member: ORGLOCN

I.58 DAMPL (ARMY MASTER PRIORITY LIST CODE)

    a. Type: Variable Length Character
    b. Length: 5

c. Description: This element contains the code that
                            indicates the Department of the Army
                            Master Priority List for allocation of
                            personnel and equipment for the reported
                            unit.
          d. Reported Transaction: ABIDE set (USMTF)
          e. Relationships to Other Data Elements:
          f. Table Member: UNIT

I.59 DEPS (DEPLOYABLE STRENGTH PERSONNEL COUNT)

          a. Type: Number
          b. Length: 5
          c. Description: This element indicates the number of
                            personnel identified in TPERS which are
                            slated to deploy in a specific emergency
                            or crisis situation.
          d. Reported Transaction: PERSTREN set
          e. Relationships to Other Data Elements: N/A
          f. Table Member: PERSTREN

I.60 DEPS_AC (DEPLOYABLE STRENGTH PERSONNEL COUNT)

          a. Type: Number
          b. Length: 5
          c. Description: This element indicates the number of
                            personnel identified in TPERS which are
                            slated to deploy in a specific emergency
                            or crisis situation.
          d. Reported Transaction: PERSTREN set
          e. Relationships to Other Data Elements: N/A
          f. Table Member: PERSTREN

I.61 DEPS_AE (DEPLOYABLE STRENGTH PERSONNEL COUNT)

          a. Type: Number
          b. Length: 5
          c. Description: This element indicates the number of
                            personnel identified in TPERS which are
                            slated to deploy in a specific emergency
                            or crisis situation.
          d. Reported Transaction: PERSTREN set
          e. Relationships to Other Data Elements: N/A
          f. Table Member: PERSTREN

I.62 DEPS_AW (DEPLOYABLE STRENGTH PERSONNEL COUNT)

a. Type: Number
b. Length: 5
c. Description: This element indicates the number of
personnel identified in TPERS which are
slated to deploy in a specific emergency
or crisis situation.
d. Reported Transaction: PERSTREN set
e. Relationships to Other Data Elements: N/A
f. Table Member: PERSTREN

I.63 DOCID_KEY (DOCID CODE)

a. Type: Variable Length Character
b. Length: 4
c. Description: This element indicates the valid DOCID
code.
d. Reported Transaction: N/A
e. Relationships to Other Data Elements: N/A
f. Table Member: DOCID

I.64 EHRD1 (UNIT REPORTED EQUIPMENT READINESS CODE "A" MEASURED
RESOURCE LEVEL ONE)

a. Type: Number
b. Length: 3
c. Description: This field contains the number of lines at
level 1.
d. Reported Transaction: EQOHDATA set (USMTF)
e. Relationships to Other Data Elements:
f. Table Member: UN_ARMY_STAT_RPT

I.65 EHRD2 (UNIT REPORTED EQUIPMENT READINESS CODE "A" MEASURED
RESOURCE LEVEL TWO)

a. Type: Number
b. Length: 3
c. Description: This field contains the number of lines at
level 2.
d. Reported Transaction: EQOHDATA set (USMTF)
e. Relationships to Other Data Elements:
f. Table Member: UN_ARMY_STAT_RPT

I.66 EHRD3 (UNIT REPORTED EQUIPMENT READINESS CODE "A" MEASURED
RESOURCE LEVEL THREE)

a. Type: Number

b. Length: 3
c. Description: This field contains the number of lines at
                   level 3.
d. Reported Transaction: EQOHDATA set (USMTF)
e. Relationships to Other Data Elements:
f. Table Member: UN_ARMY_STAT_RPT

I.67 EHRD4 (UNIT REPORTED EQUIPMENT READINESS CODE "A" MEASURED
     RESOURCE LEVEL FOUR)

a. Type: Number
b. Length: 3
c. Description: This field contains the number of lines at
                   level 4.
d. Reported Transaction: EQOHDATA set (USMTF)
e. Relationships to Other Data Elements:
f. Table Member: UN_ARMY_STAT_RPT

I.68 EHRDN (UNIT REPORTED EQUIPMENT READINESS CODE "A" TOTAL ON-
     HAND QUANTITY)

a. Type: Number
b. Length: 3
c. Description: This element contains the number of
                   reportable equipment line items.
d. Reported Transaction: EQOHDATA set (USMTF)
e. Relationships to Other Data Elements:
f. Table Member: UN_ARMY_STAT_RPT

I.69 EQ_NON_OR_RSN_CD (UNIT REPORTED CRITICAL EQUIPMENT ITEM
     NON_OPERATIONALLY READY REASON CODE)

a. Type: Variable Length Character
b. Length: 1
c. Description: This element contains the unit reported
                   critical equipment item non_operationally
                   ready reason code.
d. Reported Transaction: N/A
e. Relationships to Other Data Elements: N/A
f. Table Member: EQ_NON_OR_RSN_RFRN

I.70 EQ_NON_OR_RSN_DESC (UNIT REPORTED CRITICAL EQUIPMENT ITEM
     NON-OPERATIONALLY READY REASON DESCRIPTION)

     a. Type: Variable Length Character
     b. Length: 20
     c. Description: This element contains the unit reported
                       critical equipment item non_operationally
                       ready reason description.
     d. Reported Transaction: N/A
     e. Relationships to Other Data Elements: N/A
     f. Table Member: EQ_NON_OR_RSN_RFRN

I.71 ERR_KEY (ERROR KEY)

     a. Type: Variable Length Character
     b. Length: 5
     c. Description: This element indicates the error key for
                       this error.
     d. Reported Transaction: N/A
     e. Relationships to Other Data Elements: N/A
     f. Table Member: ERRORS

I.72 ERR_MESSAGE (ERROR MESSAGE)

     a. Type: Variable Length Character
     b. Length: 67
     c. Description: This element indicates error message to be
                      produced when the associated error is
                      found.
     d. Reported Transaction: N/A
     e. Relationships to Other Data Elements: N/A
     f. Table Member: ERRORS

I.73 ERRAT (EQUIPMENT CONDITION CATEGORY LEVEL CODE)

     a. Type: Number
     b. Length: 1
     c. Description: This element contains the code that
                      indicates the C-level for the equipment of
                      an organization.
     d. Reported Transaction: EQCONDN set
     e. Relationships to Other Data Elements: N/A
     f. Table Member: OVERALL

I.74 ERRES (CODED REASON EQUIPMENT CONDITION NOT C-1)
     a. Type: Variable Length Character
     b. Length: 3
     c. Description: This element contains the code that
                      indicates the reason that an
                      organization's equipment is not C-1.
     d. Reported Transaction: EQCONDN set
     e. Relationships to Other Data Elements: N/A
     f. Table Member: OVERALL

I.75 ESRAT (EQUIPMENT/SUPPLIES CATEGORY LEVEL CODE)

     a. Type: Number
     b. Length: 1
     c. Description: This element contains the code that
                      indicates the combat level equipment
                      percentage of an organization.
     d. Reported Transaction: EQSUPPLY set
     e. Relationships to Other Data Elements: N/A
     f. Table Member: OVERALL

I.76 ESRES (CODED REASON EQUIPMENT/SUPPLIES NOT C-1)

     a. Type: Variable Length Character

b. Length: 3
c. Description: This element contains the code that indicates the reason that equipment/supplies are not C-1.
d. Reported Transaction: EQSUPPLY set
e. Relationships to Other Data Elements: N/A
f. Table Member: OVERALL

I.77 EXTRNL_ORG_UIC (ASORTS REPORT EXTERNAL ORGANIZATION UNIT IDENTIFICATION CODE)

a. Type: Variable Length Character
b. Length: 6
c. Description: This element provides the UIC for the unit that the remaining elements in this table reference.
d. Reported Transaction: N/A
e. Relationships to Other Data Elements: N/A
f. Table Member: ASORTS_RPT_NBR_LOG

I.78 FORCE_FLD (UNIT REGISTRATION CATEGORY)

a. Type: Variable Length Character
b. Length: 4
c. Description: This element contains a code to indicate the type of unit.
d. Reported Transaction: None
e. Relationships to Other Data Elements: UIC, UDC
f. Table Member: UNIT

I.79 FUAC (UNIT FUNCTIONAL-AREA CODE)

a. Type: Variable Length Character
b. Length: 1
c. Description: This element contains a code that indicates the defined functional area for which the unit identification code assignment and registration is requested.
d. Reported Transaction: ABIDE set (USMTF)
e. Relationships to Other Data Elements:
f. Table Member: UNIT

I.80 GCINC_GEO (UNIFIED OR SPECIFIED COMMAND AREA OF RESPONSIBILITY CODE)

a. Type: Variable Length Character
b. Length: 1
c. Description: This element indicates the long title of the unified or specified command with responsibility for this area.
d. Reported Transaction: N/A
e. Relationships to Other Data Elements: N/A
f. Table Member: GEO

I.81 GCMD (GAINING COMMAND UNIT IDENTIFICATION CODE)

a. Type: Variable Length Character
b. Length: 6
c. Description: This element indicates the UIC of the Major Command gaining the organization as a result of a transfer.
d. Reported Transaction: LOSING set
e. Relationships to Other Data Elements: N/A
f. Table Member: RPTNORG

I.82 GEO_KEY (GEOGRAPHIC LOCATION CODE)

a. Type: Variable Length Character
b. Length: 4
c. Description: This element indicates the valid location code.
d. Reported Transaction: N/A
e. Relationships to Other Data Elements: N/A
f. Table Member: GEO

I.83 GEOLOC_CD (GEOGRAPHIC LOCATION CODE)

a. Type: Variable Length Character
b. Length: 4
c. Description: This element contains the geographic location code.
d. Reported Transaction: N/A
e. Relationships to Other Data Elements: N/A
f. Table Member: RPTG_CMD_LOC_REF

I.84 GEOPR_GEO (PROVINCE/COUNTY CODE)

a. Type: Variable Length Character
b. Length: 4

c. Description: This element indicates the province/county
                   code for this location.
d. Reported Transaction: N/A
e. Relationships to Other Data Elements: N/A
f. Table Member: GEO

I.85 GSACNTYCOD (GOVERNMENT GENERAL SERVICES ADMINISTRATION
     COUNTY CODE)

a. Type: Variable Length Character
b. Length: 3
c. Description: This element contains the government
                   general services administration county
                   code.
d. Reported Transaction: N/A
e. Relationships to Other Data Elements: N/A
f. Table Member: GEO

I.86 GSACTYCOD (GOVERNMENT GENERAL SERVICES ADMINISTRATION CITY
     CODE)

a. Type: Variable Length Character
b. Length: 4
c. Description: This element contains the government
                   general services administration city code.
d. Reported Transaction: N/A
e. Relationships to Other Data Elements: N/A
f. Table Member: GEO

I.87 GSASTCOD (GOVERNMENT GENERAL SERVICES ADMINISTRATION STATE
     CODE)

a. Type: Variable Length Character
b. Length: 2
c. Description: This element contains the government
                   general services administration state
                   code.
d. Reported Transaction: N/A
e. Relationships to Other Data Elements: N/A
f. Table Member: GEO

I.88 HIST_ACTIVE (ACTIVE FLAG)

a. Type: Variable Length Character
b. Length: 1
c. Description: This element indicates whether this

retrieval is active or not.
    d. Reported Transaction: N/A
    e. Relationships to Other Data Elements: N/A
    f. Table Member: HISTORY_TABLE

I.89 HIST_INTERVAL (TIME BETWEEN RUNS)

    a. Type: Variable Length Character
    b. Length: 3
    c. Description: This element indicates the time to elapse
                     between runs of this retrieval.
    d. Reported Transaction: N/A
    e. Relationships to Other Data Elements: N/A
    f. Table Member: HISTORY_TABLE

I.90 HIST_LABEL (QUERY NAME)

    a. Type: Variable Length Character
    b. Length: 5
    c. Description: This element indicates the name of this
                     query.
    d. Reported Transaction: N/A
    e. Relationships to Other Data Elements: N/A
    f. Table Member: HISTORY_TABLE

I.91 HIST_NEXT_TIME (NEXT RUN TIME FOR QUERY)

    a. Type: Date
    b. Length: N/A
    c. Description: This element indicates the date/time that
                     this query is to be run again.
    d. Reported Transaction: N/A
    e. Relationships to Other Data Elements: N/A
    f. Table Member: HISTORY_TABLE

I.92 HIST_QUERY (SQL STATEMENTS)

    a. Type: Long
    b. Length: 1-5000
    c. Description: This element indicates the SQL statements
                     to be executed when this retrieval is run.
    d. Reported Transaction: N/A
    e. Relationships to Other Data Elements: N/A
    f. Table Member: HISTORY_TABLE

I.93 HIST_START_TIME (QUERY START TIME)

a. Type: Date
b. Length: N/A
c. Description: This element indicates the current start
                time of this history retrieval.
d. Reported Transaction: N/A
e. Relationships to Other Data Elements: N/A
f. Table Member: HISTORY_TABLE

I.94 HIST_TEXT (TEXT EDITED BY OPERATOR)

a. Type: Variable Length Character
b. Length: 60
c. Description: This element contains identifying data
                about the query that is referenced.
d. Reported Transaction: N/A
e. Relationships to Other Data Elements: N/A
f. Table Member: HISTORY_TABLE

I.95 HOGEO (HOME GEOLOCATION CODE)

a. Type: Variable Length Character
b. Length: 4
c. Description: This element is the specified geolocation
                code which indicates the geographical
                location of the base, station, port, city,
                or other place at which the organization
                is permanently located.
d. Reported Transaction: ORGLOCN and POSTATAK sets
e. Relationships to Other Data Elements: N/A
f. Table Member: ORGLOCN

I.96 INCMNG_PRCSNG_DTT (ASORTS INCOMING REPORT PROCESSING DATE-
     TIME)

a. Type: Date
b. Length: N/A
c. Description: This element contains the date-time the
                incoming message was actually processed.
d. Reported Transaction: N/A
e. Relationships to Other Data Elements: N/A
f. Table Member: ASORTS_RPT_NBR_LOG

I.97 INCMNG_RPT_DTG (INCOMING REPORT DATE_TIME_GROUP)

a. Type: Date
b. Length: N/A

      c. Description: This element contains the date-time-group
                          for the incoming report.
      d. Reported Transaction: N/A
      e. Relationships to Other Data Elements: N/A
      f. Table Member: ASORTS_RPT_NBR_LOG

I.98 INCMNG_RPT_NBR (ASORTS TRANSACTION INCOMING REPORT NUMBER)

      a. Type: Number
      b. Length: 3
      c. Description: This element contains the report number
                          for the incoming report.
      d. Reported Transaction: N/A
      e. Relationships to Other Data Elements: N/A
      f. Table Member: ASORTS_RPT_NBR_LOG

I.99 IND (INDICATOR)

      a. Type: Variable Length Character
      b. Length: 1
      c. Description: This element indicates whether the entry
                          was created before (0) or after (1) the
                          update. This determines whether or not
                          distribution is to take place on this
                          unit.
      d. Reported Transaction: N/A
      e. Relationships to Other Data Elements: N/A
      f. Table Member: DISTR_ADDR

I.100   ITAEM (TRAINING MATERIEL AVAILABILITY IMPACT CODE)

      a. Type: Variable Length Character
      b. Length: 1
      c. Description: This element contains the code for the
                          availability of training materiel
                          indicator.
      d. Reported Transaction: TRAINDAT set (USMTF)
      e. Relationships to Other Data Elements:
      f. Table Member: UN_ARMY_STAT_RPT

I.101   ITAFL (TRAINING FUEL AVAILABILITY IMPACT CODE)

      a. Type: Variable Length Character
      b. Length: 1
      c. Description: This element contains the code for the
                          availability of fuel.
      d. Reported Transaction: TRAINDAT set (USMTF)

e. Relationships to Other Data Elements:
f. Table Member: UN_ARMY_STAT_RPT

I.102   ITAFT (TRAINING FUND AVAILABILITY IMPACT CODE)

a. Type: Variable Length Character
b. Length: 1
c. Description: This element contains the code for the
                 availability of funds for training.
d. Reported Transaction: TRAINDAT set (USMTF)
e. Relationships to Other Data Elements:
f. Table Member: UN_ARMY_STAT_RPT

I.103   ITAQL (TRAINING QUALIFIED LEADER AVAILABILITY IMPACT
         CODE)

a. Type: Variable Length Character
b. Length: 1
c. Description: This element contains the code for the
                 availability of qualified leaders for
                 training.
d. Reported Transaction: TRAINDAT set (USMTF)
e. Relationships to Other Data Elements:
f. Table Member: UN_ARMY_STAT_RPT

I.104   ITATA (TRAINING AMMUNITION AVAILABILITY IMPACT CODE)

a. Type: Variable Length Character
b. Length: 1
c. Description: This element contains the code for the
                 availability of ammunition for training.
d. Reported Transaction: TRAINDAT set (USMTF)
e. Relationships to Other Data Elements:
f. Table Member: UN_ARMY_STAT_RPT

I.105   ITATF (TRAINING FACILITY ACCESSIBILITY IMPACT CODE)

a. Type: Variable Length Character
b. Length: 1
c. Description: This element contains the code for the
                 availability of training areas or
                 facilities.
d. Reported Transaction: TRAINDAT set (USMTF)
e. Relationships to Other Data Elements:
f. Table Member: UN_ARMY_STAT_RPT

I.106   ITATM (TRAINING TIME AVAILABILITY IMPACT CODE)

   a.   Type: Variable Length Character
   b.   Length: 1
   c.   Description: This element contains the code for the
                     availability of time/flying hours.
   d.   Reported Transaction: TRAINDAT set (USMTF)
   e.   Relationships to Other Data Elements:
   f.   Table Member: UN_ARMY_STAT_RPT

I.107   ITAVS (TRAINING ASSIGNED STRENGTH SHORTFALL IMPACT CODE)

   a.   Type: Variable Length Character
   b.   Length: 1
   c.   Description: This element contains the code for the
                     assigned strength shortfall indicator.
   d.   Reported Transaction: TRAINDAT set (USMTF)
   e.   Relationships to Other Data Elements:
   f.   Table Member: UN_ARMY_STAT_RPT

I.108   ITSDR (TRAINING SPECIAL DUTY IMPACT CODE)

   a.   Type: Variable Length Character
   b.   Length: 1
   c.   Description: This element contains the code for the
                     special duty requirements indicator.
   d.   Reported Transaction: TRAINDAT set (USMTF)
   e.   Relationships to Other Data Elements:
   f.   Table Member: UN_ARMY_STAT_RPT

I.109   JSTAFF (JSTAFF MONITOR CODE)

   a.   Type: Variable Length Character
   b.   Length: 1
   c.   Description: This element indicates that JSTAFF is the
                     monitoring command.
   d.   Reported Transaction: N/A
   e.   Relationships to Other Data Elements: N/A
   f.   Table Member: MEQPT

I.110   LAT_GEO (GEOGRAPHIC LATITUDE)

   a.   Type: Variable Length Character
   b.   Length: 7
   c.   Description: This element indicates the latitude for

this location.
         d. Reported Transaction: N/A
         e. Relationships to Other Data Elements: N/A
         f. Table Member: GEO

I.111   LIM (UNIT CATEGORY LEVEL LIMITATION CODE)

         a. Type: Number
         b. Length: 1
         c. Description: This element indicates the service-imposed
                           limitation on any or all of the measured
                           resource areas which prevent the
                           organizations from attaining C-1 level.
         d. Reported Transaction: CATLIMIT set
         e. Relationships to Other Data Elements: N/A
         f. Table Member: OVERALL

I.112   LNAME_GEO (GEOGRAPHICAL LOCATION LONG NAME)

         a. Type: Variable Length Character
         b. Length: 15
         c. Description: This element indicates the geographical
                           location long name for the associated GEO
                           code.
         d. Reported Transaction: N/A
         e. Relationships to Other Data Elements: N/A
         f. Table Member: GEO

I.113   LOG_CNTRL_CD (ARMY MATERIEL ITEM LOGISTIC CONTROL CODE)

         a. Type: Variable Length Character
         b. Length: 1
         c. Description: This element contains the materiel item
                           logistic control code.
         d. Reported Transaction: N/A
         e. Relationships to Other Data Elements: N/A
         f. Table Member: ARMY_ADOPTD_NSN

I.114   LONG_GEO (GEOGRAPHIC LONGITUDE)

    a. Type: Variable Length Character
    b. Length: 8
    c. Description: This element indicates the longitude for
                     this location.
    d. Reported Transaction: N/A
    e. Relationships to Other Data Elements: N/A
    f. Table Member: GEO

I.115   LPR_POS1_GEO (LOGISTICS PLANNING CODE POSITION 1)

    a. Type: Variable Length Character
    b. Length: 1
    c. Description: This element indicates the first position
                     for the logistics planning code.
    d. Reported Transaction: N/A
    e. Relationships to Other Data Elements: N/A
    f. Table Member: GEO

I.116   LPR_POS2_GEO (LOGISTICS PLANNING CODE POSITION 2)

    a. Type: Variable Length Character
    b. Length: 1
    c. Description: This element indicates the second position
                     for the logistics planning code.
    d. Reported Transaction: N/A
    e. Relationships to Other Data Elements: N/A
    f. Table Member: GEO

I.117   LSTUPD (LAST UPDATE DATE)

    a. Type: Date
    b. Length: N/A
    c. Description: This element contains the date the GEO
                     table was last updated.
    d. Reported Transaction: N/A
    e. Relationship to Other Data Elements: N/A
    f. Table Member: GEO

I.118   MAC (ARMY MAJOR COMMAND IDENTIFIER)

    a. Type: Variable Length Character
    b. Length: 10
    c. Description: This element contains the major command

identifier.
```
        d.  Reported Transaction:  N/A
        e.  Relationships to Other Data Elements:  N/A
        f.  Table Member:  ATACH_CMD_CD_REF
```

I.119   MBCMD (MOBILIZATION COMMAND UNIT IDENTIFICATION CODE)

```
        a.  Type:  Variable Length Character
        b.  Length:  6
        c.  Description:  The Major Command the UIC will be
                         transferred to at mobilization time.
        d.  Reported Transaction:  RESERVES set
        e.  Relationships to Other Data Elements:  N/A
        f.  Table Member:  RESERVES
```

I.120   MDATE (SCHEDULED MOBILIZATION PERIOD)

```
        a.  Type:  Variable Length Character
        b.  Length:  4
        c.  Description:  This element indicates the number of days
                         before or after mobilization day (M-day)
                         that this unit must be mobilized.
        d.  Reported Transaction:  RESERVES set
        e.  Relationships to Other Data Elements:  N/A
        f.  Table Member:  RESERVES
```

I.121   MECAP (MAJOR EQUIPMENT CAPABILITY INDICATOR)

```
        a.  Type:  Variable Length Character
        b.  Length:  1
        c.  Description:  This element indicates capability for the
                         major equipment.
        d.  Reported Transaction:  N/A
        e.  Relationships to Other Data Elements:  N/A
        f.  Table Member:  MEQPT
```

I.122   MECL (MAJOR EQUIPMENT FUNCTIONAL CLASSIFICATION CODE)

```
        a.  Type:  Variable Length Character
        b.  Length:  3
        c.  Description:  This element indicates the code for the
                         functional classification of the
                         equipment.
        d.  Reported Transaction:  N/A
        e.  Relationships to Other Data Elements:  N/A
```

f. Table Member: MEQPT

I.123   MEQ_NAME (EQUIPMENT NAME)

a. Type: Variable Length Character
b. Length: 18
c. Description: This element indicates the name for the
                 equipment.
d. Reported Transaction: N/A
e. Relationships to Other Data Elements: N/A
f. Table Member: MEQPT

I.124   MEQDT (EQUIPMENT DATE)

a. Type: Date
b. Length: N/A
c. Description: This element indicates the DATE.
d. Reported Transaction: N/A
e. Relationships to Other Data Elements: N/A
f. Table Member: MEQPT

I.125   MEQPT_KEY (EQUIPMENT NAME CODE)

a. Type: Variable Length Character
b. Length: 13
c. Description: This element indicates the equipment code.
d. Reported Transaction: MEQPT, PEQPT, TEQPT
e. Relationships to Other Data Elements: N/A
f. Table Member: MEQPT

I.126   MISSION (ASSIGNED MISSION)

a. Type: Variable Length Character
b. Length: 69
c. Description: This element contains the unit mission
                 associated with DOCID.
d. Reported Transaction:
e. Relationships to Other Data Elements: N/A
f. Table Member: DOCID

I.127   MJCOM (MAJOR COMMAND UNIT IDENTIFICATION CODE)

a. Type: Variable Length Character
b. Length: 6
c. Description: The element MJCOM is the UIC of the
                 combatant command, service major command,

service separate operating agency, or combatant command component to which the organization is permanently assigned for administration.
d. Reported Transaction: BIDE set
e. Relationships to Other Data Elements: N/A
f. Table Member: BIDE

I.128   MODEL (MAJOR EQUIPMENT MODEL)

a. Type: Variable Length Character
b. Length: 13
c. Description: This element indicates the model for this equipment.
d. Reported Transaction: N/A
e. Relationships to Other Data Elements: MEQPT_KEY
f. Table Member: MEQPT

I.129   MSPER (UNIT PERSONNEL AVAILABLE MOS-TRAINED PERCENT)

a. Type: Number
b. Length: 3
c. Description: This element contains the available MOS trained percentage of personnel.
d. Reported Transaction: PERSDATA set (USMTF)
e. Relationships to Other Data Elements:
f. Table Member: UN_ARMY_STAT_RPT

I.130   MSRAT (PERSONNEL COMPUTED AVAILABLE MOS TRAINED PERCENTAGE RATING CODE)

a. Type: Variable Length Character
b. Length: 1
c. Description: This element contains the computed available MOS trained rating code.
d. Reported Transaction: None
e. Relationships to Other Data Elements: Computed from MSPER
f. Table Member: UN_ARMY_STAT_RPT

I.131   MTRL_ITEM_GNRC_NM (ARMY MATERIEL ITEM GENERIC NAME)

a. Type: Variable Length Character
b. Length: 64
c. Description: This element contains the materiel item generic name.

     d. Reported Transaction: N/A
     e. Relationships to Other Data Elements: N/A
     f. Table Member: MTRL_LINE_ITEM

I.132   MTRL_ITEM_RFRN_DOC (ARMY MATERIEL ITEM REFERENCE
            DOCUMENT NUMBER)

     a. Type: Variable Length Character
     b. Length: 14
     c. Description: This element contains the materiel item
                   reference document number.
     d. Reported Transaction: N/A
     e. Relationships to Other Data Elements: N/A
     f. Table Member: ARMY_ADOPTD_NSN

I.133   MTRL_ITEM_UNIT_CST (ARMY MATERIEL ITEM ISSUE UNIT COST
            IN U.S. DOLLARS AND CENTS)

     a. Type: NUMBER FIXED DECIMAL PLACE
     b. Length: 15,2
     c. Description: This element contains the materiel item
                   issue unit cost in U.S. dollars and cents.
     d. Reported Transaction: N/A
     e. Relationships to Other Data Elements: N/A
     f. Table Member: ARMY_ADOPTD_NSN

I.134   MTRL_LINE_ITEM_NBR (ARMY MATERIEL LINE ITEM NUMBER)

     a. Type: Variable Length Character
     b. Length: 6
     c. Description: This element contains the Army materiel
                   line item number.
     d. Reported Transaction: N/A
     e. Relationships to Other Data Elements: N/A
     f. Table Member: MTRL_LINE_ITEM, ARMY_ADOPTD_NSN

I.135   MTRL_NSN_DSCRPTN (MATERIEL ITEM NATIONAL STOCK NUMBER
            DESCRIPTION)

     a. Type: Variable Length Character
     b. Length: 21
     c. Description: This element contains the materiel item
                   national stock number description.
     d. Reported Transaction: N/A
     e. Relationships to Other Data Elements: N/A
     f. Table Member: ARMY_ADOPTD_NSN

I.136   MTRL_RTNG_INDR_CD (MATERIEL ITEM ROUTING IDENTIFIER
         CODE)

    a.   Type: Variable Length Character
    b.   Length: 3
    c.   Description: This element contains the materiel item
                      routing identifier code.
    d.   Reported Transaction: N/A
    e.   Relationships to Other Data Elements: N/A
    f.   Table Member: MTRL_LINE_ITEM

I.137   MTRL_STAT_RCRD_ID (ARMY MATERIEL ITEM STATUS COMMITTEE
         RECORD IDENTIFIER)

    a.   Type: Variable Length Character
    b.   Length: 8
    c.   Description: This element contains the Army materiel
                      item status committee record identifier.
    d.   Reported Transaction: N/A
    e.   Relationships to Other Data Elements: N/A
    f.   Table Member: ARMY_ADOPTD_NSN

I.138   MTRL_TYP_CLASSN_CD (ARMY MATERIEL ITEM LIFE CYCLE STATUS
         IDENTIFICATION CODE)

    a.   Type: Variable Length Character
    b.   Length: 1
    c.   Description: This element contains the Army materiel
                      item life cycle status identification
                      code.
    d.   Reported Transaction: N/A
    e.   Relationships to Other Data Elements: N/A
    f.   Table Member: ARMY_ADOPTD_NSN

I.139   NAME_GEO (GEOGRAPHIC LOCATION NAME)

    a.   Type: Variable Length Character
    b.   Length: 17
    c.   Description: This element indicates the name for this
                      geographical location.
    d.   Reported Transaction: N/A
    e.   Relationships to Other Data Elements: N/A
    f.   Table Member: GEO

I.140   NOCEAN_GEO (NAVY OCEAN AREA CODE)

a. Type: Variable Length Character
b. Length: 2
c. Description: This element indicates the Navy ocean code
                  for this location.
d. Reported Transaction: N/A
e. Relationships to Other Data Elements: N/A
f. Table Member: GEO

I.141   NUCIN (NUCLEAR CAPABILITY INDICATOR)

a. Type: Variable Length Character
b. Length: 1
c. Description: This element contains an "X" when
                  reported.
d. Reported Transaction: ORGLOCN set
e. Relationships to Other Data Elements: N/A
f. Table Member: ORGLOCN

I.142   OESTS (ORGANIZATION STATUS CODE)

a. Type: Variable Length Character
b. Length: 1
c. Description: This element contains the organization
                  status code.
d. Reported Transaction: N/A
e. Relationships to Other Data Elements: N/A
f. Table Member: COMPO_OESTS_XREF

I.143   OESTS_DESC (ORGANIZATION STATUS DESCRIPTION)

a. Type: Variable Length Character
b. Length: 255
c. Description: This element contains the description of
                  the organization status code.
d. Reported Transaction: N/A
e. Relationships to Other Data Elements: N/A
f. Table Member: COMPO_OESTS_XREF

I.144   OPCON (OPERATIONAL CONTROL UNIT IDENTIFICATION CODE)

a. Type: Variable Length Character
b. Length: 6
c. Description: This element is the UIC of the reported
                  organization's superior which exercises
                  operational command/control.
d. Reported Transaction: ORGLOCN set

e. Relationships to Other Data Elements: N/A
        f. Table Member: ORGLOCN

I.145   OUTGNG_PRCSNG_DTT (ASORTS OUTGOING REPORT PROCESSING
        DATE-TIME)

        a. Type: Date
        b. Length: N/A
        c. Description: This element contains the report
                        processing date for the outgoing message.
        d. Reported Transaction: N/A
        e. Relationships to Other Data Elements: N/A
        f. Table Member: ASORTS_RPT_NBR_LOG

I.146   OUTGNG_RPT_COM_DTG (ASORTS OUTGOING REPORT COMMUNICATION
        SYSTEM DATE_TIME_GROUP)

        a. Type: Date
        b. Length: N/A
        c. Description: This element contains the report
                        communication system date-time-group.
        d. Reported Transaction: N/A
        e. Relationships to Other Data Elements: N/A
        f. Table Member: ASORTS_RPT_NBR_LOG

I.147   OUTGNG_RPT_DTG (ASORTS OUTGOING REPORT DATE-TIME-GROUP)

        a. Type: Date
        b. Length: N/A
        c. Description: This element contains the date-time-group
                        for SORTUNIT set of the outgoing message.
        d. Reported Transaction: N/A
        e. Relationships to Other Data Elements: N/A
   f. Table Member: ASORTS_RPT_NBR_LO

I.148   OUTGNG_RPT_NBR (ASORTS TRANSACTION OUTGOING REPORT
        NUMBER)

        a. Type: Number
        b. Length: 3
        c. Description: This element contains the report number
                        that is in the SORTUNIT set of the
                        outgoing message.
        d. Reported Transaction: N/A

e. Relationships to Other Data Elements: N/A
    f. Table Member: ASORTS_RPT_NBR_LOG

I.149   PAOD (UNIT PLANNED ACTIVATION-ORGANIZATION CODE)

    a. Type: Date
    b. Length: N/A
    c. Description: This element contains the activation date
                     for the plan.
    d. Reported Transaction: None
    e. Relationships to Other Data Elements: Oplan activation
                                               date
    f. Table Member: UNIT

I.150   PC_GEO (PROVINCE/COUNTY CODE)

    a. Type: Variable Length Character
    b. Length: 3
    c. Description: This element indicates the province/county
                     code for this location.
    d. Reported Transaction: N/A
    e. Relationships to Other Data Elements: N/A
    f. Table Member: GEO

I.151   PERAT (UNIT MISSION CAPABLE ON-HAND EQUIPMENT PERCENTAGE
         READINESS RATING CODE)

    a. Type: Variable Length Character
    b. Length: 1
    c. Description: This element contains the computed mission
                     capable on-hand equipment percentage
                     readiness rating code.
    d. Reported Transaction: None
    e. Relationships to Other Data Elements: PERRY
    f. Table Member: UN_ARMY_STAT_RPT

I.152   PERRY (EQUIPMENT OPERATIONAL READY-RATE PERCENT)

    a. Type: Number
    b. Length: 3
    c. Description: This element contains the percentage of on
                     hand equipment mission capable.
    d. Reported Transaction: EQMCRDAT set (USMTF)
    e. Relationships to Other Data Elements:
    f. Table Member: UN_ARMY_STAT_RPT

I.153   PI_EMC (EQUIPMENT PACING ITEM MISSION CAPABLE PERCENT)

    a. Type: Number
    b. Length: 3
    c. Description: This element contains the percentage of on
                     hand pacing items mission capable.
    d. Reported Transaction: EQMCRDAT set (USMTF) field PIEMC
    e. Relationships to Other Data Elements:
    f. Table Member: UN_ARMY_STAT_RPT

I.154   PICDA (STRENGTH INFORMATION CHANGE DATE)

    a. Type: Date
    b. Length: N/A
    c. Description: This element indicates the date of change
                     of personnel information.
    d. Reported Transaction: PERSTREN set
    e. Relationships to Other Data Elements: N/A
    f. Table Member: PERSTREN

I.156   PICDA_AC (STRENGTH INFORMATION CHANGE DATE)

    a. Type: Date
    b. Length: N/A
    c. Description: This element indicates the date of change
                     of personnel information.
    d. Reported Transaction: PERSTREN set
    e. Relationships to Other Data Elements: N/A
    f. Table Member: PERSTREN

I.157   PICDA_AE (STRENGTH INFORMATION CHANGE DATE)

    a. Type: Date
    b. Length: N/A
    c. Description: This element indicates the date of change
                     of personnel information.
    d. Reported Transaction: PERSTREN set
    e. Relationships to Other Data Elements: N/A
    f. Table Member: PERSTREN

I.158   PICDA_AW (STRENGTH INFORMATION CHANGE DATE)

    a. Type: Date
    b. Length: N/A
    c. Description: This element indicates the date of change
                     of personnel information.

d. Reported Transaction: PERSTREN set
e. Relationships to Other Data Elements: N/A
f. Table Member: PERSTREN

I.159   PICDA_CS (STRENGTH INFORMATION CHANGE DATE)

a. Type: Date
b. Length: N/A
c. Description: This element indicates the date of change
                 of personnel information.
d. Reported Transaction: PERSTREN set
e. Relationships to Other Data Elements: N/A
f. Table Member: PERSTREN

I.160   PIRAT (EQUIPMENT LOWEST PACING ITEM READINESS
         IDENTIFIER)

a. Type: Variable Length Character
b. Length: 1
c. Description: This element contains the C-level for the
                 lowest pacing item.
d. Reported Transaction: EQOHDATA set (USMTF)
e. Relationships to Other Data Elements:
f. Table Member: UN_ARMY_STAT_RPT

I.161   PIRATE (UNIT REQUIRED EQUIPMENT PACING ITEM MISSION
         CAPABLE PERCENTAGE READINESS)

a. Type: Variable Length Character
b. Length: 1
c. Description: This element con
d. Reported Transaction: DARUMS set (USMTF)
e. Relationships to Other Data Elements:
f. Table Member: UN_ARMY_STAT_RPT

I.162   PNAME (GEOGRAPHICAL LOCATION SHORT NAME)

a. Type: Variable Length Character
b. Length: 14
c. Description: This element contains the county/province
                 short name of a geographical location.
d. Reported Transaction: N/A
e. Relationships to Other Data Elements: N/A
f. Table Member: GEO

I.163   POSTR (POSSESSED STRENGTH PERSONNEL COUNT)

a. Type: Number
b. Length: 5
c. Description: This element indicates the quantity of the
                 type personnel identified in element TPERS
                 which are physically present.
d. Reported Transaction: PERSTREN set
e. Relationships to Other Data Elements: N/A
f. Table Member: PERSTREN

I.164   POSTR_AC (POSSESSED STRENGTH PERSONNEL COUNT)

a. Type: Number
b. Length: 5
c. Description: This element indicates the quantity of the
                 type personnel identified in element TPERS
                 which are physically present.
d. Reported Transaction: PERSTREN set
e. Relationships to Other Data Elements: N/A
f. Table Member: PERSTREN

I.165   POSTR_AE (POSSESSED STRENGTH PERSONNEL COUNT)

a. Type: Number
b. Length: 5
c. Description: This element indicates the quantity of the
                 type personnel identified in element TPERS
                 which are physically present.
d. Reported Transaction: PERSTREN set
e. Relationships to Other Data Elements: N/A
f. Table Member: PERSTREN

I.166   POSTR_AW (POSSESSED STRENGTH PERSONNEL COUNT)

a. Type: Number
b. Length: 5
c. Description: This element indicates the quantity of the
                 type personnel identified in element TPERS
                 which are physically present.
d. Reported Transaction: PERSTREN set
e. Relationships to Other Data Elements: N/A
f. Table Member: PERSTREN

I.167   PPA (ORGANIZATION PERSINS-PROCESSING-ACTIVITY CODE)

    a. Type: Variable Length Character
    b. Length: 2
    c. Description: This element contains the PERSINS
                     processing activity code.
    d. Reported Transaction: N/A
    e. Relationships to Other Data Elements: N/A
    f. Table Member: RPTG_CMD_LOC_REF

I.168   PRGEO (PRESENT GEOLOCATION CODE)

    a. Type: Variable Length Character
    b. Length: 4
    c. Description: This element is the specified geolocation
                     code which indicates the geographic
                     location of the base, station, port, city,
                     or other place at which the organization
                     is presently located.
    d. Reported Transaction: ORGLOCN and POSTATAK sets
    e. Relationships to Other Data Elements: N/A
    f. Table Member: ORGLOCN

I.169   PRRAT (PERSONNEL CATEGORY LEVEL CODE)

    a. Type: Number
    b. Length: 1
    c. Description: This element contains the code that
                     indicates the measured resource area
                     C-level for personnel.
    d. Reported Transaction: PERSONEL set
    e. Relationships to Other Data Elements: N/A
    f. Table Member: OVERALL

I.170   PRRES (CODED REASON PERSONNEL NOT C-1)

    a. Type: Variable Length Character
    b. Length: 3
    c. Description: This element contains the code that
                     indicates the reason personnel are not
                     C-1.
    d. Reported Transaction: PERSONEL set
    e. Relationships to Other Data Elements: N/A
    f. Table Member: OVERALL

I.171   PUID (UNIT PARENT IDENTIFIER)

    a. Type: Variable Length Character
    b. Length: 1
    c. Description: This element contains the code for the reported unit's parent unit.
    d. Reported Transaction: ARMYRPT set (USMTF)
    e. Relationships to Other Data Elements:
    f. Table Member: UN_ARMY_STAT_RPT

I.172   READY (UNIT OVERALL CATEGORY LEVEL CODE)

    a. Type: Number
    b. Length: 1
    c. Description: This element indicates the degree to which the organization is capable of performing the mission for which it is organized, designed, or tasked.
    d. Reported Transaction: OVERALL set
    e. Relationships to Other Data Elements: N/A
    f. Table Member: OVERALL

I.173   REASN (CODED REASON UNIT NOT C-1)

    a. Type: Variable Length Character
    b. Length: 1
    c. Description: This element contains the code that indicates measured resource area C-level or other reason that most significantly describes the reason the unit is not C-1.
    d. Reported Transaction: OVERALL set
    e. Relationships to Other Data Elements: N/A
    f. Table Member: OVERALL

I.174   RECCLASS (GEOLOCATION RECORD CLASSIFICATION

    a. Type: Variable Length Character
    b. Length: 1
    c. Description: This element contains the record classification code for the associated GEO.
    d. Reported Transaction: N/A
    e. Relationships to Other Data Elements: N/A
    f. Table Member: GEO

I.175   RECORD_CLASSN_CD (RECORD SECURITY CLASSIFICATION)

a. Type: Variable Length Character
b. Length: 1
c. Description: This element contains the classification
                of the data associated with this table
                entry.
d. Reported Transaction: N/A
e. Relationships to Other Data Elements: N/A
f. Table Member: ARMY_ADOPTD_NSN ASGMT_CD_REF
                ASGMT_CD_UNIT_REF ASORTS_ERR_MSG_REF
                ASORTS_USR_CYCL ASORTS_USR_STAT
                ATACH_CMD_CD_REF BR_SRS_SRVC_BR_REF
                COMPO_OESTS_XREF EQ_NON_OR_RSN_RFRN
                MTRL_LINE_ITEM RESV_CMD_ASGMT_REF
                RPTG_CMD_LOC_REF SRC_UTC_XREF
                TDA_TPSN_UTC_XREF UNIT_ALTN_SUBRPTR
                ASORTS_RPT_NBR_LOG

I.176   REPORTING_PRIORITY (STANDARD REPORTING PRIORITY
         IDENTIFIER)

a. Type: Number
b. Length: 4
c. Description: This element contains the standard
                reporting priority identifier.
d. Reported Transaction: N/A
e. Relationships to Other Data Elements: N/A
f. Table Member: UNIT_ALTN_SUBRPTR

I.177   RICDA (AS OF CATEGORY LEVEL CHANGE DATE)

a. Type: Date
b. Length: N/A
c. Description: This element indicates the "as of" date of
                any addition, change, or replacement of
                resources and training data concerning
                this organization.
d. Reported Transaction: OVERALL set
e. Relationships to Other Data Elements: N/A
f. Table Member: OVERALL

I.178   RLIM (CODED REASON FOR LIMITATION)

a. Type: Variable Length Character
b. Length: 1
c. Description: This element contains a code that

indicates the primary reason that the
　　　　　　　　　　　　　C-level of the organization is limited.
　　　d.　Reported Transaction:　CATLIMIT set
　　　e.　Relationships to Other Data Elements:　N/A
　　　f.　Table Member:　OVERALL

I.179　　　RPTBL_ITM_CNTRL_CD (ARMY REPORTABLE MATERIEL ITEM
　　　　　CONTROL CODE)

　　　a.　Type:　Variable Length Character
　　　b.　Length:　1
　　　c.　Description:　This element contains the Army reportable
　　　　　　　　　　　　materiel item control code.
　　　d.　Reported Transaction:　N/A
　　　e.　Relationships to Other Data Elements:　N/A
　　　f.　Table Member:　MTRL_LINE_ITEM

I.180　　　RPT_PRCSNG_ORG_UIC (ASORTS REPORT PROCESSING
　　　　　ORGANIZATION UNIT IDENTIFICATION CODE)

　　　a.　Type:　Variable Length Character
　　　b.　Length:　6
　　　c.　Description:　This element contains the UIC of the
　　　　　　　　　　　　report processing unit.
　　　d.　Reported Transaction:　N/A
　　　e.　Relationships to Other Data Elements:　N/A
　　　f.　Table Member:　ASORTS_RPT_NBR_LOG

I.181　　　RPTOR (REPORTING ORGANIZATION UNIT IDENTIFICATION CODE)

　　　a.　Type:　Variable Length Character
　　　b.　Length:　6
　　　c.　Description:　This element indicates the UIC of the
　　　　　　　　　　　　organization designated by the major
　　　　　　　　　　　　command to submit SORTS reports.
　　　d.　Reported Transaction:　TRANSFER, RPTNORG, and GAINING
　　　　　　　　　　　　　　　　　sets
　　　e.　Relationships to Other Data Elements:　N/A
　　　f.　Table Member:　RPTNORG

I.182   SB700_20_CHPTR_NBR (ARMY SUPPLY BULLETIN 700-20 CHAPTER
          NUMBER)

     a.   Type: Variable Length Character
     b.   Length: 1
     c.   Description: This element contains the Army supply
                        bulletin 700-20 chapter number.
     d.   Reported Transaction: N/A
     e.   Relationships to Other Data Elements: N/A
     f.   Table Member: MTRL_LINE_ITEM

I.183   SBRPT (ORGANIZATION SUBORDINATE REPORTING CODE)

     a.   Type: Variable Length Character
     b.   Length: 6
     c.   Description: This element contains the organization
                        subordinate reporting code.
     d.   Reported Transaction: N/A
     e.   Relationships to Other Data Elements: N/A
     f.   Table Member: RPTG_CMD_LOC_REF

I.184   SBRPT2 (ORGANIZATION ALTERNATE SUBORDINATE REPORTING
          CODE)

     a.   Type: Variable Length Character
     b.   Length: 6
     c.   Description: This element contains the alternate
                        subordinate reporting code.
     d.   Reported Transaction: N/A
     e.   Relationships to Other Data Elements: N/A
     f.   Table Member: RPTG_CMD_LOC_REF, RPTNORG

I.185   SECRN (CODED SECONDARY REASON UNIT NOT C-1)

     a.   Type: Variable Length Character
     b.   Length: 3
     c.   Description: This element contains the code that
                        indicates the secondary reason an
                        organization is not C-1.
     d.   Reported Transaction: OVERALL set
     e.   Relationships to Other Data Elements: N/A
     f.   Table Member: OVERALL

I.186   SECURE (MAJOR EQUIPMENT SECURITY CLASSIFICATION)

    a. Type: Variable Length Character
    b. Length: 1
    c. Description: This element indicates the security
                  classification of the equipment.
    d. Reported Transaction: N/A
    e. Relationships to Other Data Elements: N/A
    f. Table Member: MEQPT

I.187   SGPER (UNIT PERSONNEL AVAILABLE SENIOR GRADE PERCENT)

    a. Type: Number
    b. Length: 3
    c. Description: This element contains the available senior
                  grade percentage.
    d. Reported Transaction: PERSDATA set (USMTF)
    e. Relationships to Other Data Elements:
    f. Table Member: UN_ARMY_STAT_RPT

I.188   SGRAT (PERSONNEL COMPUTED AVAILABLE SENIOR GRADE
          PERCENTAGE RATING CODE)

    a. Type: Variable Length Character
    b. Length: 1
    c. Description: This element contains the computed level
                  of senior grade percentage.
    d. Reported Transaction: None
    e. Relationships to Other Data Elements: Computed based on
                                  the contents of
                                field SGPER
    f. Table Member: UN_ARMY_STAT_RPT

I.189   SNAME (GEOGRAPHICAL LOCATION SHORT NAME)

    a. Type: Variable Length Character
    b. Length: 5
    c. Description: This element indicates the geographical
                  location short name for the associated GEO
                  code.
    d. Reported Transaction: N/A
    e. Relationships to Other Data Elements: N/A
    f. Table Member: GEO

I.190   SPCL_CNTRL_ITEM_CD (ARMY SPECIAL CONTROL MATERIEL ITEM
         IDENTIFIER CODE)

    a. Type: Variable Length Character
    b. Length: 1
    c. Description: This element contains the organization
                      subordinate reporting code.
    d. Reported Transaction: N/A
    e. Relationships to Other Data Elements: N/A
    f. Table Member: ARMY_ADOPTD_NSN

I.191   SRC (UNIT STANDARD REQUIREMENT CODE)

    a. Type: Variable Length Character
    b. Length: 12
    c. Description: This element contains the unit standard
                      requirement code.
    d. Reported Transaction: N/A
    e. Relationships to Other Data Elements: N/A
    f. Table Member: SRC_UTC_XREF

I.192   STANMA (INSTALLATION-STATION ABBREVIATED NAME)

    a. Type: Variable Length Character
    b. Length: 9
    c. Description: This element contains the abbreviated
                      installation-station name.
    d. Reported Transaction: N/A
    e. Relationships to Other Data Elements: N/A
    f. Table Member: GEO

I.193   ST_CD (STATE CODE)

    a. Type: Number
    b. Length: 2
    c. Description: This element contains the valid state
                      code.
    d. Reported Transaction: N/A
    e. Relationships to Other Data Elements: N/A
    f. Table Member: GEO

I.194   STATC (ORGANIZATION PERSONNEL READINESS STATUS CODE)

    a. Type: Variable Length Character
    b. Length: 2
    c. Description: This element contains the personnel status

code that classifies the reported unit.
    d. Reported Transaction: ABIDE set (USMTF)
    e. Relationships to Other Data Elements:
    f. Table Member: UNIT

I.195   STATCOD (GEOLOCATION STATUS CODE)

    a. Type: Variable Length Character
    b. Length: 1
    c. Description: This element contains the status code
                     associated the reporting unit.
    d. Reported Transaction: N/A
    e. Relationships to Other Data Elements: N/A
    f. Table Member: GEO

I.196   STOCK_UIC (UIC FOR STOCK TABLE)

    a. Type: Variable Length Character
    b. Length: 6
    c. Description: N/A
    d. Reported Transaction: N/A
    e. Relationships to Other Data Element: N/A
    f. Table Member: STOCK

I.197   STRUC (STRUCTURED STRENGTH PERSONNEL COUNT)

    a. Type: Number
    b. Length: 5
    c. Description: This element indicates the number of
                     personnel identified as the structured
                     strength of the organization.
    d. Reported Transaction: PERSTREN set
    e. Relationships to Other Data Elements: N/A
    f. Table Member: PERSTREN

I.198   STRUC_AC (STRUCTURED STRENGTH PERSONNEL COUNT)

    a. Type: Number
    b. Length: 5
    c. Description: This element indicates the number of
                     personnel identified as the structured
                     strength of the organization.
    d. Reported Transaction: PERSTREN set
    e. Relationships to Other Data Elements: N/A
    f. Table Member: PERSTREN

I.199   STRUC_AE (STRUCTURED STRENGTH PERSONNEL COUNT)

     a.   Type: Number
     b.   Length: 5
     c.   Description: This element indicates the number of
                        personnel identified as the structured
                        strength of the organization.
     d.   Reported Transaction: PERSTREN set
     e.   Relationships to Other Data Elements: N/A
     f.   Table Member: PERSTREN

I.200   STRUC_AW (STRUCTURED STRENGTH PERSONNEL COUNT)

     a.   Type: Number
     b.   Length: 5
     c.   Description: This element indicates the number of
                        personnel identified as the structured
                        strength of the organization.
     d.   Reported Transaction: PERSTREN set
     e.   Relationships to Other Data Elements: N/A
     f.   Table Member: PERSTREN

I.201   SUPPLY_CLASS_CD (SUPPLY CLASS IDENTIFICATION CODE)

     a.   Type: Variable Length Character
     b.   Length: 1
     c.   Description: This element contains the supply class
                        identification code.
     d.   Reported Transaction: N/A
     e.   Relationships to Other Data Elements: N/A
     f.   Table Member: ARMY_ADOPTD_NSN

I.202   SUPPLY_SUBCLASS_CD (SUPPLY SUBCLASS IDENTIFICATION CODE)

     a.   Type: Variable Length Character
     b.   Length: 1
     c.   Description: This element contains the supply subclass
                        identification code.
     d.   Reported Transaction: N/A
     e.   Relationships to Other Data Elements: N/A
     f.   Table Member: ARMY_ADOPTD_NSN

I.203   TAADS (UNIT PARENT DESIGNATOR CODE)

     a.   Type: Variable Length Character
     b.   Length: 1

     c. Description: This element contains the code to indicate
                       that the reported unit is supported by an
                       authorization document.
     d. Reported Transaction: ABIDE set (USMTF)
     e. Relationships to Other Data Elements:
     f. Table Member: UNIT

I.204   TACKZ_GEO (MILITARY REGION CODE)

     a. Type: Variable Length Character
     b. Length: 2
     c. Description: This element indicates military region for
                       this location.
     d. Reported Transaction: N/A
     e. Relationships to Other Data Elements: N/A
     f. Table Member: GEO

I.205   TERRN (CODED TERTIARY REASON UNIT NOT C-1)

     a. Type: Variable Length Character
     b. Length: 3
     c. Description: This element contains the code that
                       indicates the third reason that an
                       organization is not C-1.
     d. Reported Transaction: OVERALL set
     e. Relationships to Other Data Elements: N/A
     f. Table Member: OVERALL

I.206   TDA_UNIT_ACTVTY_CD (TDA UNIT ACTIVITY CODE)

     a. Type: Variable Length Character
     b. Length: 2
     c. Description: This element contains the TDA unit
                       activity code.
     d. Reported Transaction: N/A
     e. Relationships to Other Data Elements: N/A
     f. Table Member: TDA_TPSN_UTC_XREF

I.207   TOE_REQD_PERSL_QTY (TABLE OF ORGANIZATION AND EQUIPMENT
         REQUIRED PERSONNEL TOTAL QUANTITY)

    a.   Type: Number
    b.   Length: 6
    c.   Description: This element contains the table of
                       organization and equipment required
                       personnel total quantity for the SRC
                       element of the same record.
    d.   Reported Transaction: N/A
    e.   Relationships to Other Data Elements: N/A
    f.   Table Member: SRC_UTC_XREF

I.208   TOE_SHORT_TITLE (TABLE OF ORGANIZATION AND EQUIPMENT
         SHORT TITLE)

    a.   Type: Variable Length Character
    b.   Length: 45
    c.   Description: This element contains the Table of
                       Organization and Equipment short title for
                       the associated table.
    d.   Reported Transaction: N/A
    e.   Relationships to Other Data Elements: N/A
    f.   Table Member: SRC_UTC_XREF

I.209   TOE_STAT_CD (TABLE OF ORGANIZATION AND EQUIPMENT STATUS
         CODE)

    a.   Type: Variable Length Character
    b.   Length: 1
    c.   Description: This element contains the Table of
                       Organization and Equipment status code.
    d.   Reported Transaction: N/A
    e.   Relationships to Other Data Elements: N/A
    f.   Table Member: SRC_UTC_XREF

I.210   TPSN (TROOP PROGRAM SEQUENCE NUMBER)

    a.   Type: Variable Length Character
    b.   Length: 7
    c.   Description: This element is a numeric code consisting
                       of five basic positions and two additional
                       positions for the "element sequence." All
                       permanent party elements, property
                       book/stock record, and titular records of
                       an organization will use the same TPSN as

the parent UIC.   The non-permanent party
derivative UIC will be assigned the TPSN
that describes the personnel category.
d.   Reported Transaction: BIDE set
e.   Relationships to Other Data Elements: N/A
f.   Table Member: BIDE

I.211   TRRAT (TRAINING CATEGORY LEVEL CODE)

a.   Type: Number
b.   Length: 1
c.   Description: This element contains the code that
indicates the category level for training
of an organization.
d.   Reported Transaction: TRAINING set
e.   Relationships to Other Data Elements: N/A
f.   Table Member: OVERALL

I.212   TRRES (CODED REASON TRAINING NOT C-1)

a.   Type: Variable Length Character
b.   Length: 3
c.   Description: This element contains the code that
indicates the reason that an organization
is not C-1 in the area of training.
d.   Reported Transaction: TRAINING set
e.   Relationships to Other Data Elements: N/A
f.   Table Member: OVERALL

I.213   TWRC1 (TRAINING REQUIRED DURATION IN DAYS)

a.   Type: Variable Length Character
b.   Length: 2
c.   Description: This element contains the number of days
require to complete training to overcome
training shortfall.
d.   Reported Transaction: TRAINDAT set (USMTF)
e.   Relationships to Other Data Elements:
f.   Table Member: UN_ARMY_STAT_RPT

I.214   TYPE (DISTRIBUTION TYPE)

a.   Type: Variable Length Character
b.   Length: 1
c.   Description: This element indicates type of
distribution that is to take place.

d. Reported Transaction: N/A
e. Relationships to Other Data Elements: N/A
f. Table Member: DISTR_ADDR

I.215   TYPECOD (INSTALLATION TYPE CODE)

a. Type: Variable Length Character
b. Length: 3
c. Description: This element contains a code indicating
                  the installation type.
d. Reported Transaction: N/A
e. Relationships to Other Data Elements: N/A
f. Table Member: GEO

I.216   TYPNM (UNIT TYPE LONG NAME)

a. Type: Variable Length Character
b. Length: 54
c. Description: This element indicates the full name for
                  this code.
d. Reported Transaction: N/A
e. Relationships to Other Data Elements: N/A
f. Table Member: TUCHA

I.217   UDC (UNIT DESCRIPTOR CODE)

a. Type: Variable Length Character
b. Length: 3
c. Description: This element indicates the component,
                  general status, and primary mission for
                  which the organization was established.
d. Reported Transaction: BIDE set
e. Relationships to Other Data Elements: N/A
f. Table Member: BIDE

I.218   UIC (UNIT IDENTIFICATION CODE)

a. Type: Variable Length Character
b. Length: 6
c. Description: This element contains the unit
                  identification code.
d. Reported Transaction: N/A
e. Relationships to Other Data Elements: N/A
f. Table Member: UNIT_ALTN_SUBRPTR, ASGMT_CD_UNIT_REF
                  RESV_CMD_ASGMT_REF, ASORTS_USR_STAT
                  DISTR_ADDR, GEO

I.219   ULC (UNIT LEVEL CODE)

    a. Type: Variable Length Character
    b. Length: 3
    c. Description: This element contains the unit level code.
    d. Reported Transaction: N/A
    e. Relationships to Other Data Elements: N/A
    f. Table Member: SRC_UTC_XREF

I.220   UNIT_OF_ISSUE_CD (MATERIEL ITEM UNIT-OF-ISSUE CODE)

    a. Type: Variable Length Character
    b. Length: 2
    c. Description: This element contains the materiel item
                    unit_of_issue code.
    d. Reported Transaction: N/A
    e. Relationships to Other Data Elements: N/A
    f. Table Member: ARMY_ADOPTD_NSN

I.221   UN_TYP_FNCTNL_CAT (ARMY UNIT TYPE FUNCTIONAL CATEGORY
        CODE)

    a. Type: Variable Length Character
    b. Length: 1
    c. Description: This element contains the unit type
                    functional category code.
    d. Reported Transaction: N/A
    e. Relationships to Other Data Elements: N/A
    f. Table Member: BR_SRS_SRVC_BR_REF

I.222   UN_TYP_FNCTNL_DESC (ARMY UNIT TYPE FUNCTIONAL CATEGORY
        DESCRIPTION)

    a. Type: Variable Length Character
    b. Length: 150
    c. Description: This element contains the description for
                    the unit type functional category code.
    d. Reported Transaction: N/A
    e. Relationships to Other Data Elements: N/A
    f. Table Member: BR_SRS_SRVC_BR_REF

I.223   USA (US ARMY SERVICE MONITOR CODE)

    a. Type: Variable Length Character
    b. Length: 1
    c. Description: This element indicates that USA is the
                        monitoring command.
    d. Reported Transaction: N/A
    e. Relationships to Other Data Elements: N/A
    f. Table Member: MEQPT

I.224   USACOM (USACOM ATLANTIC CINC MONITOR CODE)

    a. Type: Variable Length Character
    b. Length: 1
    c. Description: This element indicates that USACOM is the
                        monitoring command.
    d. Reported Transaction: N/A
    e. Relationships to Other Data Elements: N/A
    f. Table Member: MEQPT

I.225   USAF (USAF SERVICE MONITOR CODE)

    a. Type: Variable Length Character
    b. Length: 1
    c. Description: This element indicates that USAF is the
                        monitoring command.
    d. Reported Transaction: N/A
    e. Relationships to Other Data Elements: N/A
    f. Table Member: MEQPT

I.226   USCENT (US CENTRAL CINC MONITOR CODE)

    a. Type: Variable Length Character
    b. Length: 1
    c. Description: This element indicates that US CENT is the
                        monitoring command.
    d. Reported Transaction: N/A
    e. Relationships to Other Data Elements: N/A
    f. Table Member: MEQPT

I.227   USCG (USCG SERVICE MONITOR CODE)

    a. Type: Variable Length Character
    b. Length: 1
    c. Description: This element indicates that USCG is the
                      monitoring command.
    d. Reported Transaction: N/A
    e. Relationships to Other Data Elements: N/A
    f. Table Member: MEQPT

I.228   USEUCOM (EUCOM CINC MONITOR CODE)

    a. Type: Variable Length Character
    b. Length: 1
    c. Description: This element indicates that EUCOM is the
                      monitoring command.
    d. Reported Transaction: N/A
    e. Relationships to Other Data Elements: N/A
    f. Table Member: MEQPT

I.229   USMC (USMC SERVICE MONITOR CODE)

    a. Type: Variable Length Character
    b. Length: 1
    c. Description: This elements indicates that USMC is the
                      monitoring command.
    d. Reported Transaction: N/A
    e. Relationships to Other Data Elements: N/A
    f. Table Member: MEQPT

I.230   USN (USN SERVICE MONITOR CODE)

    a. Type: Variable Length Character
    b. Length: 1
    c. Description: This elements indicates that USN is the
                      monitoring command.
    d. Reported Transaction: N/A
    e. Relationships to Other Data Elements: N/A
    f. Table Member: MEQPT

I.231   USNORAD (US NORAD CINC MONITOR CODE)

    a. Type: Variable Length Character
    b. Length: 1
    c. Description: This elements indicates that US NORAD is
                      the monitoring command.

d. Reported Transaction: N/A
        e. Relationships to Other Data Elements: N/A
        f. Table Member: MEQPT

I.232   USPACOM (US PACIFIC CINC MONITOR CODE)

        a. Type: Variable Length Character
        b. Length: 1
        c. Description: This element indicates that US PACIFIC is
                         the monitoring command.
        d. Reported Transaction: N/A
        e. Relationships to Other Data Elements: N/A
        f. Table Member: MEQPT

I.233   USR_CYCL_BGN_DT (UNIT STATUS REPORT CYCLE BEGIN CALENDAR
        DATE)

        a. Type: Date
        b. Length: N/A
        c. Description: This element contains the unit status
                         report cycle begin date.
        d. Reported Transaction: N/A
        e. Relationships to Other Data Elements: N/A
        f. Table Member: BR_SRS_SRVC_BR_REF

I.234   USR_CYCL_END_DT (UNIT STATUS REPORT CYCLE END CALENDAR
        DATE)

        a. Type: Date
        b. Length: N/A
        c. Description: This element contains the cycle end date
                         for unit status report processing.
        d. Reported Transaction: N/A
        e. Relationships to Other Data Elements: N/A
        f. Table Member: ASORTS_USR_CYCL

I.235   USR_PRCSNG_DT (UNIT STATUS REPORT PROCESSING DATE)

        a. Type: Date
        b. Length: N/A
        c. Description: This element contains the processing date
                         for the Unit Status Report.
        d. Reported Transaction: N/A
        e. Relationships to Other Data Elements: N/A
        f. Table Member: ASORTS_USR_STAT

I.236   USR_PRCSNG_STAT (UNIT STATUS REPORT PROCESSING STATUS)

   a. Type: Variable Length Character
   b. Length: 1
   c. Description: This element contains the status of the
                     unit report processing.
   d. Reported Transaction: N/A
   e. Relationships to Other Data Elements: N/A
   f. Table Member: ASORTS_USR_STAT

I.237   USSOCOM (US SPECIAL OPERATIONS CINC MONITOR CODE)

   a. Type: Variable Length Character
   b. Length: 1
   c. Description: This element indicates that US SPECIAL
                     OPERATIONS is the monitoring command.
   d. Reported Transaction: N/A
   e. Relationships to Other Data Elements: N/A
   f. Table Member: MEQPT

I.238   USSOUTH (US SOUTH CINC MONITOR CODE)

   a. Type: Variable Length Character
   b. Length: 1
   c. Description: This element indicates that US SOUTH is
                     the monitoring command.
   d. Reported Transaction: N/A
   e. Relationships to Other Data Elements: N/A
   f. Table Member: MEQPT

I.239   USSPACE (US SPACE CINC MONITOR CODE)

   a. Type: Variable Length Character
   b. Length: 1
   c. Description: This element indicates that US SPACE is
                     the monitoring command.
   d. Reported Transaction: N/A
   e. Relationships to Other Data Elements: N/A
   f. Table Member: MEQPT

I.240   USTC (US TRANSPORTATION CINC MONITOR CODE)

   a. Type: Variable Length Character
   b. Length: 1
   c. Description: This element indicates that USTC is the
                     monitoring command.

d. Reported Transaction: N/A
        e. Relationships to Other Data Elements: N/A
        f. Table Member: MEQPT

I.241   UTC (UNIT TYPE CODE)

        a. Type: Variable Length Character
        b. Length: 5
        c. Description: This element indicates a valid unit type
                          code.
        d. Reported Transaction: N/A
        e. Relationships to Other Data Elements: N/A
        f. Table Member: TUCHA, TDA_TPSN_UTC_XREF, SRC_UTC_XREF

I.242   UTM_GRID_COORD (GEOGRAPHIC UNIVERSAL TRANSVERSE MERCATOR
        GRID COORDINATES)

        a. Type: Variable Length Character
        b. Length: 11
        c. Description: This element contains the geographic
                          universal transverse Mercator grid
                          coordinates for the associated
                          geographical code.
        d. Reported Transaction: N/A
        e. Relationships to Other Data Elements: N/A
        f. Table Member: GEO

I.243   WORLD_AREA_CODE_ID (GEOGRAPHIC WORLD AREA CODE
        IDENTIFIER)

        a. Type: Variable Length Character
        b. Length: 14
        c. Description: This element contains the identifier for
                          the geographic world area code.
        d. Reported Transaction: N/A
        e. Relationships to Other Data Elements: N/A
        f. Table Member: GEO

I.244   WTR_AREA_CD (WATER AREA CODE)

        a. Type: Variable Length Character
        b. Length: 2
        c. Description: This element contains the water area code.
        d. Reported Transaction: N/A
        e. Relationships to Other Data Elements: N/A
        f. Table Member: GEO

I.245   ZIP (STANDARD ZONING IMPROVEMENT PLAN POSTAL
         DISTRIBUTION AREA CODE)

   a. Type: Variable Length Character
   b. Length: 9
   c. Description: This element contains the standard zoning
                     improvement plan postal distribution code.
   d. Reported Transaction: N/A
   e. Relationships to Other Data Elements: N/A
   f. Table Member: RPTG_CMD_LOC_REF

I.246   AAE9 (ARMY AUTHORIZED E9)

   a. Type: Variable Length Character
   b. Length: 1
   c. Description: This element contains the number
                     of authorized Sergeant Major Pt 1
                     E9.
   d. Reported Transaction: N/A
   e. Relationships to Other Data Elements: N/A
   f. Table Member: ARMYTOTALS

I.247   AASE6 (ARMY AUTHORIZED STAFF E9)

   a. Type: Variable Length Character
   b. Length: 2
   c. Description: This element contains the number
                     of authorized Staff Sergeant Major
                     Pt 1 E9.
   d. Reported Transaction: N/A
   e. Relationships to Other Data Elements: N/A
   f. Table Member: ARMYTOTALS

I.248   AE5 (AUTHORIZED E5)

   a. Type: Variable Length Character
   b. Length: 4
   c. Description: This element contains the number
                     of authorized Sergeant E5.
   d. Reported Transaction: N/A
   e. Relationships to Other Data Elements: N/A
   f. Table Member: ARMYTOTALS

I.249   AE6 (AUTHORIZED E6)

   a. Type: Variable Length Character

b. Length: 4
    c. Description: This element contains the number
                     of authorized Sergeant E6.
    d. Reported Transaction: N/A
    e. Relationships to Other Data Elements: N/A
    f. Table Member: ARMYTOTALS

I.250   AE7 (AUTHORIZED E7)

    a. Type: Variable Length Character
    b. Length: 4
    c. Description: This element contains the number
                     of authorized Sergeant First Class E7.
    d. Reported Transaction: N/A
    e. Relationships to Other Data Elements: N/A
    f. Table Member: ARMYTOTALS

I.251   AE8 (AUTHORIZED E8)

    a. Type: Variable Length Character
    b. Length: 3
    c. Description: This element contains the number
                     of authorized Master Sergeant E8.
    d. Reported Transaction: N/A
    e. Relationships to Other Data Elements: N/A
    f. Table Member: ARMYTOTALS
